The Los Angeles County Department of Public Health, Solid Waste Management Program, acting as the Local Enforcement Agency (LEA), will be holding a Public Informational Meeting for a permit revision. The LEA is certified by the Department of Resources Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste facilities within its jurisdiction.

Description of Project: The Azusa Land Reclamation Company landfill is an existing landfill which is permitted to receive asbestos, contaminated soils, inert debris and waste tires. The facility has requested a revision to their Solid Waste Facility Permit to allow for an increase of total materials received at the facility from 6,500 tons per day to 8,000 tons per day. There would be no increase of the maximum permitted weekly limit of 39,000 tons per week. Additionally the facility's Joint Technical Document has been revised to reflect current activities conducted at the site.

LEA's Determination: Pursuant to Title 27, California Code of Regulations (27CCR), Section 21650, the LEA determined that the application met the requirements of 27 CCR, Section 21570 and accepted the application for permit revision filing on August 6, 2014, pursuant to 27 CCR 21665.

Purpose of the Meeting: This Public Information Meeting is for any interested parties to learn more about the permit revision and to provide comments to the LEA. The meeting is strictly informational and **no official decision will be made at the meeting** regarding the formal determination on the solid waste facility permit revision application.

Where to Obtain Additional Information: A copy of permit revision application is available for public review by appointment only at the LEA office noted above.

Options for Submitting Comments and LEA Contact Information: If you would like to comment on this project you may do so at the meeting. If you are unable to attend the meeting, you may send your written comments to Jeanne Biehler via email at jbiehler@ph.lacounty.gov, fax to 626 813-4839, or mail to the LEA office address noted above.

Appeals Process Information: For information on the appeals process pursuant to PRC §44307, you may contact Gerry Villalobos at (626) 430-5540.
